NEW YORK, Dec. 24, 1866.

FIRE AT ELMIRA.

There was a large fire at Elmira in this State yesterday, which destroyed property to the amount of four hundred thousand dollars. The insurance on the losses will reach two hundred thousand dollars, chiefly in New York companies.

ILLEGAL TAXES RETURNED.

To-day a resolution was adopted to repay the taxes collected in error from the different banks in this city to the amount of nearly a million and a quarter of dollars.

THE RECENT FINANCIAL EXCITEMENT.

It is rumored this afternoon that the recent perturbation in the money market, which has been attributed to illicit practice on the part of some of our bank officers, in collusion with the leading stock speculators with one or more officials connected with some of the Departments at Washington, will be made the subject of an investigation immediately after the reassembling of Congress.

A Railroad Amendment—A Great Rain Storm and Flood—The Ravages of Chinese Pirates—Storms in California.

SAN FRANCISCO, December 24.—The construction train on the San Jose Railroad, broke through a small bridge near San Mateo, last night, killing two men and injuring two.

There was a heavy fall of rain yesterday, and last night; a double amount more than was ever recorded here during a similar period. Floods are reported in several places.

China dates of the 6th, say that the Brigantine Lubea, of Warren, Rhode Island, had her Captain murdered by pirates, who had first rummaged the vessel, and shot Captain Howe, who was sitting with his wife and children on a sofa in the cabin. A train was laid to blow up the vessel but the crew succeeded in saving her.

Accounts from various parts in California, say that streams are overflowed, houses unroofed, trees blown down and roads obstructed by the recent storms, but no great damage has been reported.

It is now stated that the visit of E. M. McCook, Minister resident at Hawaii, who departed on yesterday's steamer, has nothing whatever to do with the reciprocity treaty.

Five or six building were blown up to arrest the progress of the flames. The Theatre building, the Cathedral, City Bank and Telegraph Office escaped, the former badly damaged.

The total loss is roughly estimated at $2,000,000. About one-fourth is insured.

Sale of Negroes Convicted of Crime—One of them Purchases Himself—The Bidding not Spirited—A Warrant Issued for the Sheriff Making the Sale.

BALTIMORE, December 24.—Four negroes, convicted of larceny and ordered to be sold by Judge Magruder, at Annapolis, were sold on Saturday. Some twenty or thirty farmers were present at the sale. The first one sold was John Johnson, who bid for himself, and the auctioneer taking his bid, he was finally knocked down to himself, and became his own purchaser for thirty-seven dollars. Another man brought thirty-five dollars, and two girls brought respectively twenty-two and thirty dollars.

There was an officer of the Freedmen's Bureau at the sales, and it was thought that bidding would have been more spirited but for the fact an impression seemed to prevail that the officer in question was about to interfere with the right of the purchasers and release the negroes from the custody of the purchaser.

A warrant was issued this morning by United States Commissioner Brooks, on the oath of Captain Vanderlip, against the sheriff, for selling four negroes on Saturday.

A FISH STORY BY TELEGRAPH.

Commander E. Simpson, of the United States steamer Mohican, reports from Centra, Brazil, November 7th, the arrival of the vessel at that place. He states that on the afternoon of the 30th ult., when off the Sincoe Grands, one hundred miles east of Marranham, the back of a large fish was seen about a cable's length from the ship and inclined diagonal towards her. A few moments afterwards the engines suddenly stopped, steam was shut off and a hurried examination, but no cause could be discovered for the remarkable result. Steam was again turned on, but the engines could not be forced ahead. At this time several pools of blood were seen to rise to the surface of the water under the stern. After a few moments it was discovered that a large blackfish or whale had been caught between the propeller and frame. The shock on the engines was very great, and rendered it necessary to stop several times during the following twenty-four hours to screw up all parts of the engines. No further injury seemed to have been done.

FROM MEXICO.

Gen. Escobedo Hung by Canales.

ORTEGA OPERATING IN THE INTERIOR.

What Minister Campbell Proposes to Do.

GALVESTON, Dec. 24.—The United States gunboat Tallapoosa, Captain McCann, has just arrived from Brazos where she left yesterday. She brings the intelligence that Canales had hung Escobedo—the time not mentioned.

Ortega had escaped to the interior beyond pursuit.

NEW ORLEANS, Dec. 24.—The officers of the steamer Susquehanna say the statements of the civilities of the French authorities are entirely untrue. She was forbidden to approach nearer Vera Cruz than Vera Island. Minister Campbell asserts he could not proceed to Juarez by way of Matamoras, but will reach him in forty days.

NEW ORLEANS, Dec. 24.—It is reported on good authority to-night that Minister Campbell intends proceeding hence to St. Louis and thence to Santa Fe, New Mexico, on his way to Chihuahua, Durango, or wherever else President Juarez is to be found, being satisfied that the adherents of Ortega now hold and will continue to hold all the country on the Rio Grande.

General Sherman does not hesitate to express his want of confidence in the consistency and fidelity of all the Mexican Liberal leaders.

GALVESTON, Dec. 24.—On the arrival of news of Escobedo's murder by Canales, a general insurrection of all parties occurred at Matamoras. On the capture of Escobedo, Canales, as the only representative of Ortega, had him put to death on the morning of the 21st, and then assumed command himself.

Preparations for a general fight were making and chaos ruled the hour in Matamoras.

On the morning of the 18th one thousand French troops embarked at Vera Cruz for France.

Nearly all commerce into the interior is paralized for want of protection. The French merchants are selling out and going home. Several French transports have recently arrived at Vera Cruz.

The *L'Estaffette*, a French organ at the City of Mexico, suspended on the 10th.

The Congressional Committee have formally declined the City Council's offer of a room in Municipal Hall wherein to hold their sittings, preferring their private rooms.

Preparations are making for the reception of the Congressional excursionists, now en route from Nashville. The committee of citizens is headed by General Beauregard, President of the Jackson Railroad. It will meet the excursionists either at Jackson or Canton, Mississippi, and escort them to the city.

T. A. McClelland's Auction House—General Merchandise Headquarters.

We would again refer our readers to the immense stock of boots, shoes and gaiters of every pattern, style and description, which will be found at the general headquarters for all lines of desirable goods, T. A. McClelland's Auction House Salesrooms, Nos. 55 and 57 Fifth street. Few city readers are unacquainted with the character and variety of the stock which occupies the shelves and counters of these large salesrooms. It embraces nearly every article of merchandise, and the store might be said to be an immense combination of business emporiums. The boots, shoes and gaiters are sold fifty per cent. cheaper than eastern manufacturers' rates, as the entire stock was purchased at heavy auction sales in the metropolitan cities. Of course the mere fact of goods passing under the auctioneer's hammer does not detract from their quality, and consequently McClelland's goods are of as superior a quality as can be purchased anywhere. Woolen goods, dress goods, shawls, blankets, men and boys' clothing, piece goods, cloths, cassimeres, hoods, sontags, fancy goods, cutlery, notions, and every imaginable article of merchandise, will be found at cheaper than cheap prices. The selection of muffs, victorines, cuffs, collars, caps, gloves, &c., is remarkably fine and large, and ladies in need of such articles of dress and adornment should favor Nos. 55 and 57 Fifth street with a purchasing visit.

Custom-Made Clothing.

Messrs. E. Houston & Son announce a great reduction in their prices in view of the fluctuation in the Eastern markets. They have a large stock of ready-made clothing on hand which they are determined to close out at less than cost, in order to make room for a heavy stock just purchased in New York. The firm pay especial attention to custom work, and have established no second reputation in the style of garbs turned from their establishment and in the quality and general workmanship. Their rent being light, they can afford to manufacture clothing of all descriptions to order at the cheapest and most reasonable of prices. Give them a call at No. 65 Smithfield street, near Fourth.

The Course of True Love.

Susan Grogan, Annie Carsell, John Long and John Ebinger, are all boarders at the St. Cloud Hotel. One day last week, the two gentlemen named invited the two ladies named, to a sleighride. The invitation was accepted, and the party, merry as the day is long, jingled pleasantly along, with bells, fast horses, comfortable robes and other belongings of a first class sleighride, off into the country and back. Arriving at the city in the evening, they stopped at the St. Clair Hotel, where the sleigh had been procured. The ladies were shown to the parlor and the gentlemen went into the office to register their names and pay the expenses. For the sleigh which had carried them on their merry trip, they paid twenty dollars. For rooms for themselves and *wives*, they paid nine dollars in advance, and then went to rejoin their female companions in the parlor, and escort them to their rooms. What was their consternation to find the room vacant; while their escorts were magnanimously settling the bills, the faithless fair ones had slipped out at the front door and left the gallants to desolation. Ashamed to go back and demand the money paid for the rooms that were to remain unused, the two deserted men took their silent and mortified way to their hotel. The next day they met at dinner, the cruel damsels who had played the heartless trick upon them. Edinger was seated near the bewitching Annie Carsell, she exhibiting no compunction for her conduct of the evening before, commenced to laugh. Then, in a significant manner she whispered to a female companion and glanced at him. Soon she made an audible remark about "one of those fellows that went out sleighriding yesterday." Ebinger heard but made no answer. Soon the remark was repeated and his name sneeringly introduced. This was too much and he uttered a few hasty words that might have been tolerated in a bar-room or a stable yard, but were not at all the thing for a hotel dinner table. That night, also, according to Annie's allegation, he came to the door of the room occupied by herself and Susan, and, bursting it open, entered. The two females armed themselves with the poker and shovel and caused him to beat a hasty retreat. Yesterday, in view of these facts, (Annie said they were facts) the irate damsel made information charging Ebinger with disorderly conduct. The accused was arrested by officer McMullen and had a hearing before the Mayor yesterday afternoon. The result was that he was ordered to pay a fine of $5 and the costs of the case. He "forked over" and took his departure, coining good resolutions based on his rather expensive experience in affairs of gallantry.

District Court.

Before Hon. M. Hampton and Hon. H. W Williams.

A. Hepel and wife and John Podang vs. Joseph Graff & Co. Application for a preliminary injunction. The bill of complainants alleges that they are injured in the enjoyment of their houses and properties by the respondents, Joseph Graff & Co., by their extensive axe factory and machinery in the Fourth ward of Allegheny City, and seek to have them restrained in the premises. The respondents in their answer deny the averments in the bills of complainants. Thomas Ewing and H. P. Mueller for complainants, and Messrs. Kirkpatrick and Mellon for respondents. Voluminous testimony in the shape of affidavits was read and submitted on either side, and after hearing Messrs. Ewing and Mueller on behalf of complainants, and John M. Kirkpatrick, on behalf of respondents, the Court took the papers, announcing that they would possibly be able to pronounce their decision on Wednesday next, upon which day they would meet to take up and dispose of the argument list, and of which they desired the bar to take notice.

The trial list in this Court will be taken up on the second Monday of January.

W. B. Clapp & Co.'s Shoe Store.

There is nothing so beautiful as a neat fitting pair of boots or shoes. No matter how gaudily or tastefully we may dress, a pair of slovenly, ill-fitting pedal coverings will give the person an awkward gawky appearance. We yesterday looked through the palatial shoe house of W. B. Clapp & Co., No. 26 and 28 Fifth street, and found such a stock as is seldom seen outside of manufacturer's headquarters. The daintiest little bootings up to the ponderous heavy hob-nailed mill shoes are kept alike, while the most bewitching and charming gaiter boots for ladies with neatly turned ancles; fine calf and kid boots for gentlemen, and slippers and gaiters for misses, will also be found in great profusion. This firm possess unusual faculties for purchasing goods at headquarters, and are constantly enabled to sell at the cheapest of prices. All persons desirous of anything neat, serviceable and cheap, in the boot, shoe and gaiter line, would do well to favor this well known and popular establishment with a purchasing visit. A force of competent and obliging salesmen and clerks will be found constantly in attendance to wait upon any who may call, whether they desire to purchase or not.

A Droll Rencontre.

Yesterday afternoon as the cart that takes away the swill from the Monongahela House, was standing by the hotel, on First street, and while the Teutonic proprietor of the cart was down in the cellar after a part of his load, a heavily laden iron wagon, driven by a burly negro, came past and one of the wheels came in violent contact with a wheel of the cart, wrenched the vehicle to one side, broke the shafts and tore the harness up in a somewhat general manner. The driver of the cart was just coming up out of the cellar with a tub of swill as the negro driver of the wagon dismounted to see what he could do to adjust matters. The German dropped the swill when half way up the stairs and rushed furiously at the darkey. The latter quietly caught hold of his assailant and elevated his heavy whip in a suggestive manner. The effect was magical. The Dutchman let go his hold, the darkey mounted his wheel-horse and drove quietly away, while the unhappy German went disconsolately to work to save what he could from the wreck of matter.

The Connellsville Railroad.

President Garrett, of the Baltimore and Ohio road, in a recent address to to the Directors of that corporation, complains bitterly of the hostility manifested by the Pennsylvania Central to the completion of the Connellsville road. He refers at some length to the legal embarrassments thrown in its way by the Central road. In conclusion, President Garrett says:

"The trial in June last, at Williamsport, before a jury, demonstrated the utter baldness of the pretensions of our opponents when submitted to the test of judicial inquiry. In the meantime, the work upon the Connellsville road has been gradually pushed forward, and the heaviest portion of it—the Sand Patch Tunnel, through the summit of the Alleghenies—is well advanced towards completion, But for the delays which a vexatious and unwarrantable litigation has caused, the direct communication by rail between Baltimore and Pittsburgh, would now be in actual operation."

The Point Robbery.

On the night of December 8th, Paul Dusch was robbed, at the Point, of his gold watch, valued at one hundred and forty dollars, and three gold rings valued at ten dollars. Four men were engaged in the affair, and Dusch made information before the Mayor, charging John Oliver, William Evans, Patrick M'Cauley and John Leonard with the robbery. The accused were arrested, and after a partial hearing last week, were committed to jail for a final hearing last evening. Accordingly, last evening at seven o'clock, the parties were brought from jail to the Mayor's office, and the hearing took place. It was very protracted, and considerable testimony was taken. The result was that Oliver, Evans and Leonard were discharged, there being no sufficient evidence to hold them. Patrick M'Cauley was committed for trial.

Fell in a Fit.

At about three o'clock yesterday afternoon a man named Andrew Boyd, while standing talking in the bar-room of the Rush House, suddenly fell over backward in an apoplectic fit. He received prompt and proper attention, but it was a fully half an hour before he was restored to consciousness, during a considerable portion of which time, there was no pulse at all perceptible. Dr. Duncan was called in and attended the patient until he was able to be removed to his home, on Washington street. The doctor expressed the opinion that the unfortunate man would ultimately recover from the attack. Mr. Boyd is a man of considerable property, owning several teams, drays and wagons.

Man Severely Injured.

One day last week Owen Troyner, an employee at the upper rolling mill, near Wheeling, was seriously injured by coming in contact with a piece of red hot iron. Mr. Troyner was standing between one of the furnaces and a pair of rolls. While there, a man whose business it is to take iron from the furnace to the rolls, came along with a large piece of iron red hot, which struck Mr. Troyner on the shoulder, knocking him down and burning the right side of his face very severely. His wounds were dressed by Dr. Frissel, and at last accounts he was doing well, though his face is much swollen.

The Business Men's Prayer Meeting.—The business men's prayer meeting inaugurated yesterday at the Fifth street Methodist Protestant Church, was largely attended, and the prospect is that the series will prove an exceedingly popular and beneficial one.

The Three Guardsmen will be produced in all its original splendor, this (Christmas) afternoon, at the New Opera House.

More of the Highway Robbery—Arrest of One of the Robbers.

We yesterday stated that James Hackett had been knocked down and robbed. We were mistaken in saying that the affair occurred on Penn street. The locality of the transaction was on Fulton street. It appears that on Friday night, Hackett, in company with one Nicholes Dornburg and another man, had been drinking together, and went into the saloon of R. Scheiffhamer. There they had another drink, and Hackett left his pocket book lying upon the bar. Dornburg picked it up and put in Hackett's pocket. It is alleged that, in doing so he abstracted a portion of the money. Shortly afterwards the three went out, and after going a short distance, as Hackett affirms, his two companions attacked him, knocking him down and robbing him as stated. The noise attracted some persons to the spot, and among the rest Mr. Scheiffhamer. The latter recognized Dornburg and made information against him before the Mayor. Officers Busha and Cupples took the case in hand, and on Saturday succeeded in arresting Dornburg on an oil flat at the foot of O'Hara street, in the Fifth ward. Dornburg remained in the lock-up until yesterday. We did not mention the fact of the arrest in our article yesterday, in order not to hinder the arrest of the second offender. As a partial hearing was had in the case yesterday, we suppose the seal of secresy is removed. The hearing resulted in Dornburg being committed to jail in default of $500 bail, for a further hearing on Monday, December 31.

Dorburg is a resident of the Sixth ward, and is a "hard case." He was arrested last February as an accomplice in the robbery of Johnson & Scott's jewelry store, and last summer he was arrested by officer Cupples for the larceny of three dozen pocket handkerchiefs from the gift store of Evans, on Fifth street. He was convicted, we believe, and served a term in the county jail.

East Birmingham Public Schools.

These schools closed for the holiday vacation on Friday, the 21st inst. They are under the Principalship of Prof. J. F. McClymonds, and are in a prosperous condition. The present school buildings, three in number, are far behind the age, but the philanthropic directors of this flourishing borough have determined to erect a school house equal to any in the State, and have already the foundation work completed.

The closing exercises of the school, which consisted of reading and music, seemed to give entire satisfaction to the directors and citizens who had assembled to witness them. Prof. Sherratt being present by invitation, added materially to the entertainment by furnishing excellent vocal and instrumental music. Prof. Hull read, in a very pleasing manner a piece entitled "Christmas Eve," after which quite a supply of "good things to eat" were distributed among all present. But the great event of the day was the presentation to Mrs. K. L. Anderson of a splendid silver cake basket and salt cellar by the pupils. Mrs. Anderson after teaching eleven years in the public schools of East Birmingham, has resigned her situation. The directors passed appropriate resolutions concerning her resignation, expressing their sincere regret, and thanking her for her untiring devotion to the cause of education for so long a period.

"The Very Place we Were Looking For."

If this remark was made once yesterday, it was repeated an hundred times, as the throng on Fifth street halted in admiration to gaze at the display of holiday goods exhibited by our friend Pittock, opposite the Postoffice. His shelves and counters are ladened with the choicest contributions of the printers' art to the holiday season. He has books to suit every age and taste, from the toy book which so delights the youngsters, to the elaborately and beautifully illustrated works of our standard authors. His stock of albums comprises some of the most magnificent specimens of binding we have ever seen. A writing desk is always a desirable present for a lady friend. Pittock's assortment includes wonderfully ingenious and beautiful samples, suited to any purse, be it plethoric or of the skelton complexion. Then, too, our neighbor has an assortment of gold pens and pencils, ladies' work boxes, and the endless variety of holiday goods now in vogue, exceeding any thing of the kind ever brought to the city. Give Pittock a call, and our word for it, it will result in your making glad some heart by a tasteful present selected from his abundant stock.

A Colored Trouble.

There has been a row among the colored population on Arthur street. Yesterday the aid of Alderman Lynch was called in to settle the difficulty. It appears Willis Stewart and Charles Davis, two colored barbers, came to the house where boarded S. McDonald and Margaret Jones, colored people of the male and female persuasions respectively. A disturbance ensued. So far as appears, McDonald and Stewart iniated the fuss with a personal dispute that came to blows. Stewart got much the better of McDonald and punished him vigorously. Margaret, seeing the situation, was preparing to rush to the rescue of her fellow boarder, when she was prevented by threats and menacing actions on the part of Davis, who had established himself as umpire and was determined to see fair play. Having seen that Stewart at least got fair play, he at length departed with that victorious personage, leaving the McDonald and the Jones to cook their wrath at leisure. The two aggrieved parties went together to Alderman Lynch's office, where McDonald made information charging Stewart with assault and battery, and Mrs. Jones preferred a charge of surety of the peace against Davis. Warrants were issued and placed in the hands of Officer O'Connor.

Death from Exposure.

At an early hour yesterday morning, Robert Willison, formerly a member of the police force of this city, was found lying dead on the side walk on Water st. Allegheny. It was under Mayor Lowry's administration that deceased was on the police, and while in the discharge of his duties, in attempting to make an arrest, he was violently assaulted by the party he was endeavoring to secure; in the scuffle Willison was struck on the head and stabbed in the side. Since that time deceased has suffered greatly from the wounds; they disabled him from labor, and produced an aberration of mind which eventually led him into intemperate habits. About midnight on Sunday, he left his home on Beaver street, Allegheny, unobserved by his family, and two hours later was found dead as we have stated. Coroner Clawson held an inquest on the body, and a verdict of death from exposure was rendered by the jury. The deceased was about forty years of age, and leaves a wife and family. He was latterly in the employ of the Manchester Passenger Railway Company as conductor on the Troy Hill branch.

Arrested for Passing Counterfeit Money.

William Morritzer, a storekeeper on Carson street, East Birmingham, took a twenty dollar national currency note on Wednesday of last week, and another on Friday, both of which were afterwards found to be counterfeit. On Saturday a man named Thos. Davis, came into the store and purchased a turkey, for which he tendered a twenty dollar national note, which was the same as the two that had been pronounced counterfeit. It was compared with them, and then taken to Justice Ammon's office to have it decided. While the note was at the officer's Davis left Morritzer's store, leaving both the note and the turkey. An information was then made against him, and a warrant issued for his arrest, and placed in the hands of officer Feld. On Sunday morning early the officer went to the house where Davis resided with his mother, and arrested him. He gave bail in the sum $2,000 for a hearing.

"Snibs" Arnold Again.

Yesterday morning, William *alias* "Snibs" Arnold committed and re-committed times innumerable for a further hearing, on the charge of being a professional thief, was again taken to the Mayor's office from the jail. After a little progress had been made towards a hearing, "Snibs" earnestly requested that the case be not disposed of at present, but that he be sent back to jail for awhile. Accordingly a new commitment was made out and the prisoner taken to the hill, there to remain until the 31st inst., when another attempt will be made to hear his case. Whatever may be the result of his hearing, poor "Snibs" seems in a fair way to taste the the sweets of the "ninety day law."

Accident.

At about five o'clock last evening, as an elderly lady was crossing Liberty street, at the mouth of Market, she was knocked down and run over by a horse which was being driven rapidly around the corner. The horse was attached to a light wagon, one of the wheels of which passed over the lady. She was assisted to rise, and was taken into a Manchester car. She was considerably bruised and partially stunned, but seemed to have sustained no serious injuries. She declined to give her name.

The Orphans' Fair.—The hundreds of little helpless orphans in St. Paul's Orphans' Asylum make a special appeal to-day upon the charity of the outside world. The grand fair, which is being held now at City Hall, for their benefit should be well attended and patronized. The Fair remains open from three o'clock this afternoon till midnight.

Christmas Festival.—To-day a grand Christmas festival is to take place at the Fifth street M. P. Church, (Dr. Alex. Clark,) and the orphans from the Allegheny Asylum are to attend. So at this Church will be observed the purest and holiest of Christ's unwritten commandments, in making glad the hearts of dissolate children.

Trial List.—The trial and argument list, in the Courts of Common Pleas and Quarter Sessions, will be taken up on the first Wednesday of January. These Courts will not meet again until Saturday, when they will dispose of the current motion list.

Robbery—The Ordeal by Fire.

On last Thursday night, the house of Mr. Enoch Moslander, who lives by himself on Little Grave Creek, about four miles from Moundsville, Marshal county, West Virginia, was entered by four men, who demanded his money. Mr. Moslander told them he had none. The robbers, however, would take no denial, and again called upon Mr. M. to deliver up his cash. A second time he stated that he had none. The robbers then caught him, and threw him on a large wood fire which was burning in the fire place, and held him on it. This was bringing matters to a crisis, and as Mr. M. had no desire to roast for the sake of a few hundred dollars, he consented if they would take him off the fire, to tell them where the money was. To this they agreed, and removing him from his uncomfortable position, were made acquainted with the hiding place of the lucre.

Five hundred dollars in gold and silver passed into their possession, and Mr. M. has nothing now but a burnt extremity to remind him that he was once the possessor of wealth.

Magnificent Silver Plated Goods, from Sheffield, England.

The superb collection of the above goods, imported by the manufacturers, Fisher & Co., of Paternoster Works, will be on private sale only to-day, and all Wednesday next, on the second floor of McIlwaine's Auction Rooms, Smithfield street, opposite the Postoffice. For ladies, a convenient side entrance from Fifth street, immediately above Smithfield street. These rich and beautiful specimens of taste and skill are unsurpassed in style or quality, and the variety more numerous than we have ever before seen. The high character of the manufacturers is a guarantee of quality; and as they are now on the eve of returning home to England, they will sell these goods at twenty-five per cent. less than cost. This is an unusual opportunity for purchasing. Ladies and gentlemen are invited to call. The goods will be open for sale only on Monday and Wednesday.

Suicide at Economy.

On Friday or Saturday of last week, Scott, the baker of the Economy community, committed suicide by cutting his throat. He had been partially insane for some time and had grown worse recently, until in a more than usually violent paroxysm he committed the dreadful act mentioned. A short time previously another member of the fraternity also committed suicide by shooting himself. We learn that there is a great amount of insanity developing itself among the Economites, and the tendency to suicide seems to be fearfully increasing. Another fact worth remarking is that Coroner's inquests are almost unknown in the community. Mysterious or violent deaths are kept secret, the Coroner is never notified of their occurrence. We commend the matter to the attention of those concerned.

Leg Broken.—On Sunday evening, just about dusk, Horace Williams, a lad of about fourteen years, a son of Colonel David H. Williams, residing at No. 128 Centre avenue, went upon the roof of his father's residence to shovel off the snow. While at work his foot slipped, and he fell to the pavement, a distance of about twenty feet. By the fall he broke his right leg below the knee. Dr. J. H. Snodgrass was called in and reduced the fracture, and the young sufferer is doing as well as could be expected.

Burglary in Allegheny.—On Sunday morning, at an early hour, the residence of Mr. Stacey Meanor, on Webster street, Allegheny, was entered by burglars, and a pocket book belonging to Mr. Meanor, containing forty-six dollars, and one belonging to Mr. Hill, a boarder, containing about twenty-six dollars, stolen. A man named Robert McCombs, was arrested by officer Jos. Campbell, of Mayor Morrison's police, on suspicion, but after a hearing he was discharged.

Rumored Highway Robbery.—There were rumors yesterday of a highway robbery which had been committed on Thursday or Friday night. It was stated that a man named Askins had been knocked down and robbed on Pride street. We suspect that the robbery of Mr. Hackett, on Fulton street, in the same neighborhood, became distorted into this rumor, and that the robbery of Mr. Hackett is identical with the robbery of Mr. Askins.

Death of Joseph Wainright.—We are pained to announce the death of Mr. Joseph Wainright, of Lawrenceville, which took place on Sunday evening last at seven o'clock. Mr. Wainright was one of our most respected and influential citizens, and his death will be deeply lamented by a laage circle of friends and acquaintance. His funeral will take place to-morrow afternoon at two o'clock.

Time Out.—During the present term of Court Charles O'Donnell, of the Third ward, was convicted of attempting to rescue a prisoner. He was sentenced to pay a fine of $20, the costs of the prosecution, and undergo an imprisonment of ten days in the County Jail. The term of imprisonment expired yesterday, and the prisoner, having paid his fine and the costs, was released from jail.

A Slight Fire.—The buildings connected with the brick yard of Miller & Eardner, situated on the side of Seminary Hill, at the head of Corry street, Allegheny, was discovered to be on fire aboue seven o'clock Sunday morning. The Hope steamer was speedily on the ground, and the flames were extinguished before any material damage was done.

RECONCILIATION OR SUBJUGATION.

Last summer the people who call themselves Conservatives were surcharged with uncommon wrath against the Republicans, and, in general, against all men who had, throughout the great trial of the nation maintained a loyalty above suspicion. All they wanted was the seal of popular approbation which they protested they confidently expected to get at the ballot box, and then they would crush out "the rump," as they contemptuously termed Congress, and afterwards turn the remainder of their fury upon the Radicals, wherever they might be found. The most pacific sentences they uttered were "threatenings and slaughter." But, it so fell out that "the people," by which we suppose is meant the majority, were not with them, but on the other side.

Instantly the Conservatives abated their indignation, and became deeply enamored of moderation. They declared it was impolitic and wrong to subjugate or dominate anybody; that conciliation was the only effectual method for adjusting differences; that its power was unlimited, the most marvellous and beneficial results following its application. Surely the Conservatives did not get into this frame of mind in consequence of tender or pathetic discipline which they had received. They had been soundly drubbed, not with ferule or birchen rod, suitable for the correction of juvenile delinquents, but with instruments suited to their more advanced years—first, with solid arguments, and then with adverse votes, which demolished their soaring ambitions, and sent them in bitter disgrace down to the foot. They were authoritatively made to understand they could not have their way, but must submit to whatever the republican majority might see fit to enact. It stands to reason that if this stern discipline so suddenly modified the truculence of the Conservatives, it must have a wholesome effect on other sort of folks who are "full of blood and thunder." Why not?

But, the Conservatives fail to remember that what they call conciliation was tried on the rebels, and it did not work satisfactorily. They behaved a good deal better when President JOHNSON, in his first gush of authority, threatened to hang them all, than they did afterwards, when he unclothed his official brow of thunders, and piping to them in melodious accents, promised to reinstate them in their ancient seats of prosperity and power. Surely these Conservatives must have thumbed WEBSTER's spelling book in their school days; but they forget that excellent lesson, enforced by the blazonry of wood cut, in which the superior potency of stones to grass as remedial agents is vividly set forth. The old man, from all that appears, might have petted those rascally boys with grass till this time, without eliciting any other response than derisive laughter; but a few stones, vigorously hurled, did the business. It is not stretching probabilities to infer that ever after the old man and boys lived on better terms with each other than they would under any other circumstances.

The task of re-adjusting the discrepancies of the government is laid on the Republicans. Neither did they create those discrepancies, nor seek the duty of rectifying them. The rebels laid that responsibility at their doors. They have taken it up, and mean to discharge it so that coming generations, at the South as well as the North, may have reason to rejoice at their fidelity. "Now, no chastisement for the present is joyous, but grievous." The rebels find it so. In the nature of things they could not find it otherwise. But, afterwards, "chastisement yieldeth the peaceable fruits of righteousness *to those that are exercised thereby.*" Of this blessing we are disposed to defraud the Conservatives, or the rebels with whom they sympathize. Let the momentous questions that hang suspended in the sight of all men be so settled as justice demands, and then it will ultimately be well with all the inhabitants of the republic.

THE PROTECTIVE INDUSTRIES.

Do the members of Congress realize the degree of difficulty under which many of the productive industries are laboring? It seems to us that their adjournment over the holidays, as in ordinary cases, signifies the contrary. Three hundred millions of dollars a year are collected out of these industries. In many cases the excise duties not only exhausts all profits, but eats largely into capital. This condition of affairs cannot last. Either producers must have relief or production must stop. With the stoppage of production must come national bankruptcy.

Almost every pursuit is pressing to be relieved of the burden of the excise duties. Some of them are not embarrassed, and hence ought not to be exonerated. If all the pursuits that are in trouble should have the excise dues abrogated in respect to them, the Treasury would soon show an ominous hollowness. What is needful is the relinquishment of the excise, as far as practicable, on oppressed industries, attended by a reasonable increase of impost, so as to give them the home market. This adjustment cannot be accomplished one moment too soon, if so be when it is done, it be well done.

The free traders are excusing the continuance of the present State of affairs by alleging that the depression is exclusively or mainly the result of over-production. More commodities, they say are produced than are wanted for consumption. In some departments this is undoubtedly the case. There is no help for persons engaged in such departments but to lessen the supply. In their case domestic competition has produced one of its natural results. But in sundry departments, including many that are suffering most, such is not the case. The excise and import duties bear such unjust and ruinous proportion to each that the markets are given to foreign producers, while the domestic ones are driven to the wall.

Congress has adjourned, and that mistake cannot be remedied. What we urge is that when the session shall be resumed Members of Congress will go into this matter in earnest. If they do not, before the needful legislation shall be obtained, a financial storm, fatal alike to public and private interests will sweep over the country.

EDITORIAL BREVITIES.

FROM a private letter received here from a Pittsburgher sojourning at Paris, we have been permitted to extract the following, detailing a breakfast conversation of the rebel Toombs and an ex-Confederate named Barrett. The writer says: "Had I the disposition to become a newspaper correspondent I should furnish the readers of the *Gazette* with a very remarkable conversation which I overheard this morning while at breakfast, between the notorious rebel Toombs, of Georgia, and an ex-Confederate named Barrett. As the conversation was carried on in a loud tone and was at the public dining table of a hotel, I felt myself guilty of no breach of etiquette in listening to it. Mr. Barrett asked Mr. Toombs whether he thought Congress could carry through the impeachment of President Johnson. Mr. Toombs unhesitatingly replied that he thought Congress could and would. Mr. Barrett then suggested there would likely be trouble in the event of impeachment, and asked Mr. Toombs for his opinion upon the subject. He quickly answered that a row would be the inevitable result of impeachment. Mr. Barrett said, "If another row is inaugurated, I will at once return to the South and shoulder my musket in her defense." Mr. Toombs equally enthusiastic rejoined in expressing the belief that the prospects of the Confederacy were brightening. * * * * * * This conversation which I have faithfully reported is only an index of the feeling which pervades rebel circles here. They seem to have drawn fresh confidence from the heavy conservative vote which was recently polled in New York, and boast that they will derive, in the event of another war, great strength and assistance from that quarter. If the rebels at home can be judged by those abroad, they certainly are strangers to the spirit of repentance."

HOWARD GILLINGHAM, the master mechanic of the railroad shops at Youngstown, Ohio, recently discharged a boy from his service. The father of the lad determined to have revenge, and preparing a box with a sliding lid, and filling it with powder and lucifer matches, addressed it to the master mechanic. Suspicioning that the box was not all right, the recipient submerged it in water previous to opening, and of course destroyed the trap which was laid for him. William Howarth, the wretch who prepared and caused to be delivered the infernal machine, was arrested, and abundant proofs were obtained to ensure his conviction.

MR. ROBERTS, the Fenian President, recently applied to the Brothethood to send a Christmas dinner to the unfortunate political prisoners held in Canada jail. With true Irish independence the prisoners denounce the movement as an insult to their manhood and declare they will not be the recipients of food from any source but through the prison authorities.

THE Third Anniversary Banquet of the Philadelphia Press Club, which took place at the La Pierre House in that city on Saturday night last, was a complete and grand success. Colonel Forney, W. B. Mann and other distinguished gentlemen delivered eloquent speeches, and all "went merry as a marriage bell."

AN investigation of the recently awarded Indian contracts shows that they are thirty-seven thousand dollars higher than were the rejected bids. Lo, the poor Indian has been at the bottom of many dishonest fortunes.

A SAW manufacturing company has been established in San Francisco upon a very extensive scale. Saws of every description are manufactured from the rough plates of steel which are imported direct from England.

CINCINNATI had the impudence to celebrate "Forefather's day" on Saturday last. Most of the "forefathers" of the folks residing thereabouts never touched nor dreamed of Plymouth rock.

$5,000 damages have just been awarded a lady who sustained injuries on board the New York and Brooklyn ferry boat Nebraska which collided with a gunboat last November a year.

THE German citizens of Nashville have forwarded a magnificent and costly banquet to Mrs. Lincoln, at Springfield, Illinois as a Christmas present.

GENERAL NEWS.

—FATAL RESULTS OF A RAT BITE.—A most revolting instance of maternal neglect occurred in the neighborhood of the Old Market, a few nights since, whereby a negro infant lost its life from rat bites. On the evening in question the mother of the child went below stairs to participate in a negro ball, leaving her offspring in the sleeping-room above. Shortly afterward the screams of the infant attracted attention, and upon examination it was found that the helpless child, who was only a few weeks old, had been attacked by rats and bitten horribly about the mouth and nose. Restoratives were administered and the little creature soothed to sleep, after which the mother again rejoined the bacanahalian party, where she remained till the ball broke up, without further interruption. On entering her room, at the close of the festivities, she was greeted with a sight of a most sickening character. There lay, upon a pallet, the child cold in death, with half its face eaten away, its hands gnawed to the bone, and one of its ears entirely gone. Such instances of culpable neglect on the part of negroes are not of unfrequent occurrence.—*Richmond Times.*

—There is some reason to believe that the skeleton found recently in Needham's woods, Massachusetts, is that of the murderer of the Joyce children. The bones have been examined by a Surgeon, who thinks they have remained there several years. Immediately after the murder of the Joyce children in Buzzy's Woods, Roxbury, which diabolical affair created great excitement at the time, every effort was made to apprehend the perpetrator, but without success, when an effort was made to fasten the guilt upon a State Prison convict known as "Scratch Gravel," but it was subsequently shown that he was not in the vicinity at the time of the murder. The supposition now is that the real demon, immediately after committing his hellish work, took to the woods to escape detection, and after weeks of wandering about, living on roots to sustain life he finally perished from starvation and fear. A quantity of hair was found by the side of the skeleton, which resembles that worn by the man who was last seen near the spot where the terrible affair took place.

—At Ottawa, Canada, on Friday, a young coquette, Julia Walter, had made an appointment to elope with a British private, John Welsh. While in waiting for the girl, the soldier was seized, gagged, stripped, and an old flame, Larry Lawlor, whom Julia had jilted for the red-coat, donned the uniform, kept the tryst, and was firmly tied to the girl before she discovered the mistake by a ready-made priest feed for the occasion. The girl's mother had arranged the whole affair. Julia professed her willingness to allow things to stand as they were, her one desire for a husband having been answered.

—Sculptors will be interested to learn that an English company, at the head of which is Dr. Davis, distinguished for his excavations at Carthage, have purchased an entire mountain of the famous Saravezza marble, which is of a quality superior to Carrara. Railways are to be made for the furtherance of these works and the regular transport.

—A curious and ingenious piece of mechanism is now on exhibition in Bangor, Maine. It is a magic singing-bird, manufactured in Switzerland, and just imported. It is an exact imitation of a West India humming-bird, and it sings in a most beautiful manner in imitation of several of the most admired songsters.

—Professor De Morgan, one of the greatest living mathematicians, has resigned his chair in the University College, London, in consequence of the recent decision arrived at by the council of that body to reject Professor Martineau from a professorship, on the ground of his denominational reputation.

—Professor Seeley, the author of "Ecce Homo," is described in a late London letter as a "small thin man, with an intelligent but somewhat effeminate face, beardless, blue-eyed, flaxen-haired, and one who has always been very much beloved by the students."

—Mrs. Hanaford, of Boston, has been engaged to supply the pulpit of a Universalist church in Boston until March. She probably does not find her warrant in St. Paul's denunciation of women teachers.

—The Fenians of Cambridge, Mass., are so confident of hearing of a victory in Ireland, that they have engaged City Hall for the purpose of celebrating the news when the cable brings it.

—There is a region in Oxford County, Maine, where the soil is so poor that a single grasshopper might look over ten acres of it and weep.

—The British navy, which once numbered its four score line of battle-ships, has been reduced to a couple of moderate squadrons.

—Miss Vinnie Reams has sailed for Europe to get up her statue of the late lamented Lincoln.

—Prince Arthur having now reached his sixteenth year, Queen Victoria has determined that he shall enter the Royal Military Academy at Woolwich, as a gentleman cadet. The Prince of Wales is a general in the army and colonel of the 10th Hussars. Prince Alfred is a captain in the navy, and it is intended that Prince Arthur shall be prepared for a commission in either the engineers or artillery. The royal family will thus be connected with nearly every branch of the service.

THE GREAT MEDICAL ANNUAL

—Hostetter's United States Almanac for 1867, for distribution, GRATIS, throughout the United States and all civilized countries of the Western Hemisphere, will be published about the first of January, and all who wish to understand the true philosophy of health should read and ponder the valuable suggestions it contains. In addition to an admirable medical treatise on the causes, prevention and cure of a great variety of diseases, it embraces a large amount of information interesting to the merchant, the mechanic, the miner, the farmer, and professional man; and the calculations have been made for such meridians and latitudes as are most suitable for a correct and comprehensive NATIONAAL CALENDAR.

The nature, uses, and extraordinary sanitary effects of HOSTETTER'S STOMACH BITTERS, the staple tonic and alterative of more than half the Christian world are fully set forth in its pages, which are also interspersed with valuable recipes, humorous anecdotes, and other instructive and amusing reading matter, original and selected. Among the Annuals to appear with the opening of the year, this will be one of the most useful, and MAY BE HAD FOR THE ASKING. Send for copies to the Central Manufactory, at Pittsburgh, Pa., or to the nearest agent for HOSTETTER'S STOMACH BITTERS. The Bitters are sold in every city, town and village of the United States.

Dealers in Watches from all parts of the country are reminded that the undersigned keep a full assortment of Waltham Watches, in gold and silver cases, constantly on hand. Large reductions in the prices of movements and cases have recently been made, and the Internal Revenue Tax is no longer charged to customers.

The good repute borne far and near by the manufacturer of the Waltham Company makes it needless for the agents to urge their claims to general patronage, or to do more than caution the public against spurious and inferior Watches with which the markets are flooded. Every Waltham Watch, of whatever class, is warranted by special certificate, which should in all cases be demanded.

NEIGHBORHOOD NEWS.

Horrible Affair in Titusville.

The Titusville *Herald* of Saturday has the following: Yesterday morning the usual quiet of our city was disturbed and our community painfully startled by a rumor that a man named John Hickey, living on South Perry street, had murdered his wife. Our reporter started for the scene of the murder and found a woman, apparently twenty-five years of age, lying dead on a filthy bed in the house of a Mrs. McNevin, on Perry street, one door south of the mill-race. The front part of her head was much bruised and her hands lacerated from the effects of a severe struggle. There was a stick of stove-wood, weighing about four pounds, lying on the floor, with several clots of blood on it, and it was evident from the marks on the woman's head that this stick was the instrument with which she was slain.

The deceased was the wife of John Hickey. She is said to have been an habitual drunkard, and was intoxicated on the evening before her death. The husband has been in the employ of Mr. D. C. Clark, as a laborer, since July, 1865, and is represented by those who knew him as an intelligent and inoffensive man except when under the influence of liquor. He was heard to say on the evening of the murder that he would give her (his wife,) a black eye, and he would see if that would keep her off the streets.

On Tuesday he was at work near the depot, and took several drinks at Lahey's saloon on Mechanic street. He went home about six o'clock, but soon after entered Lahey's saloon where he had two glasses of whisky and one glass of cider. Here he remained until ten o'clock, when the company separated and he started for home. During the night one of the inmates of the house said that she heard Hickey say, "Annie what makes you make such a d—d beast of yourself!" Nothing more was heard from him until about six o'clock yesterday morning, when he knocked at the window of one Lahey, and told him he had killed his wife, and wanted to know what he should do. He was told that since his wife was dead, the best thing for him was to give himself up. He then went to the store of Mr. D. C. Clark, and said that his wife was dead, and he had killed her, and was going to give himself up.

He immediately went to the house of Policeman Doherty, on Monroe street, and stated that he had killed his wife and that he wished to give himself up. Officer Doherty accompanied him to the lock up, where he still remains.

An inquest was held on the body of the deceased by Justice Strouse, at two o'clock yesterday afternoon.

The prisoner was committed in full to await the action of the grand jury.

Fearful Railroad Accident.

The Pithole *Record* furnishes particulars of the fearful accident which occurred on the Warren and Franklin Railroad on Wednesday evening, caused by the breaking of a rail. The engine, tender and baggage car, all passed over the broken rail in safety, but the first passenger car was thrown from the track and cast down an embankment of about thirty feet, the coupling connecting it and the second passenger car breaking, and the latter remaining upon the track. In going down the embankment the car made a complete sommersault and landed right side up at the bottom. The passengers were all more or less bruised, and some eight or ten out of the twenty-five or thirty occupying the car were quite seriously injured, some, it is thought, fatally—though no one was killed outright.

A Mr. Horton, of Dayton, Cattaraugus county, New York, was quite badly burned by coming in contact with the stove of the wrecked car, his clothing being burned off from him in many places, and his breast, head and other parts of his body being badly injured by burns and bruises. Mr. Howe, of West Hickory, was burned still worse than Mr. Horton, and had one of his arms crushed. He was taken on to Oil City. These are the only names of those injured we have been able to obtain. We understand that there were several badly injured in the second car, which remained on the track. The manner in which the accident occurred was no more singular than that passengers escaped without loss of life.

How Articles Left in the Cars are Recovered.

It is astonishing with what care all the minutiæ incident to the superintendency of a great railroad is conducted. We have a case in point as an illustration. On Thursday, a gentleman who reached Harrisburg at four o'clock, discovered, after he left the cars, that he had forgotten his cane, a valuable article. When the loss was first ascertained the train had been an hour on its route to Pittsburgh. Mr. S. Black, Superintendent of the Middle Division of the Pennsylvania Railroad, was informed of the loss. He telegraphed the fact to the conductor of the train on which the cane was left, and at eight o'clock a. m., the missing article was returned to the depot by the agent of the train which arrives there from the West at that hour. This simple fact illustrates the vastness and the perfection of the system by which our great railroads are conducted. There is no escaping the vigilance and prudence of that system; as far as human wisdom can make it, it is perfect.

Explosion of a Vulcanizer in Lancaster, Pa.

In Lancaster city, on Wednesday, one of Wheeting's vulcanizers, which had been placed in a stove, and in which some article used in the manufacture of artificial teeth was being prepared, in the office of Dr. W. C. Swentzel, on the southwest corner of North Queen street and Centre Square, exploded, throwing the stove to pieces, and scattering the fragments of iron, &c., around the room. Several pieces of iron struck the ceiling and made deep indentations in it. The Doctor and his brother, Dr. E. W. Swentzel, were in the room at the time, and narrowly escaped injury. The temperature of the vulcanizer was only 310 degrees, which is considerably below its capacity. Had not a vessel of water been close at hand when the accident occurred, the building would have taken fire. The report of the explosion was heard at a considerable distance and smoke issued in dense volumes from the windows of the building.

Railroad Collision.

The Stroudsburg *Jeffersonian* says: On Monday last, about midday, there was a terrible smash up on the railroad near Bell's Bridge, by the colliding of the freight train going south with a coal train north. The locomotives of both trains were badly smashed, and cars, freight, &c., were piled together in the greatest confusion. The mail train going north was detained several hours by the collision. The collision was caused by the criminal conduct of the engineer of the coal train, who started from the Water Gap, without orders from his conductor, and when he knew the time he was running on was time belonging to the freight train. Fortunately, there were no lives lost, nor was any one injured. There should be a law to correct such gross culpability and recklessness by the severest punishment.

Arrest of an Embezzler.

The Shamokin *Herald* of the 13th inst. says: On Tuesday evening, John T. L. Harper, who for more than a year has been kook-keeper for Mr. John B. Douty, was arrested on a charge of embezzling money to the amount of over $1,000. Some two weeks ago Harper left town with his wife to visit Philadelphia, where both he and she came from. The second day after his arrival there he was missing, and was not heard from until Tuesday, when he arrived here in the evening train. He had a hearing before Esq. Caldwell, and was committed to jail, whither he was escorted by constable Smith, on Wednesday morning. He alleges that he can explain matters, although he failed to do so at the hearing, and it is thought that under this belief he came on.

After the Battle.

An official report of the battle of Gettysburg, states that 27,534 guns were picked up on the field after the engagement, 24,000 of which were loaded. Of this number one half had two loads each remaining unfired, one quarter had three loads, and the remaining six thousand contained ten loads a piece. Many were found having from two to six bullets over one charge; in others the powder was placed above the ball, one gun had six cartridges with the paper untorn. In one Springfield rifle, twenty three separate charges were found, while one smooth-bore musket contained twenty-two bullets and sixty buckshot rammed in promiscuously.

Served Him Right.—At the court of Snyder county, in Middleburg, last week, Judge Woods fined Samuel P. Bowersox thirteen dollars and the costs of prosecution, amounting in all to about one hundred dollars, for disturbing a camp meeting, near that place, last September.

Arrested.—Three men were arrested at Tidioute on Tuesday last, charged with highway robbery. Their names are John Wilson, Warren Lewis and Peter Haggerty.

EARLY TELEGRAMS.

FROM MEXICO.

SEIZURE OF SPECIE BY THE FRENCH.

Maximilian Supposed to Have Returned to the Capital.

THE CAMPBELL-SHERMAN MISSION.

A Good Understanding Arrived at with Juarez.

NEW YORK, December 24.—News to the 20th, from Vera Cruz, says: The French seized two hundred thousand dollars of the Imperial treasure. The steamer Eugenie had sailed with $600,000, of which $400,000 belonged to the French Government, and the rest to citizens.

One thousand French troops had sailed for France.

Correspondence from Vera Cruz is to the 14th, and Orizaba to the 12th. A French steamer had arrived at Vera Cruz with two hundred troops and a quantity of gun powder. A special courier to General Castelnau also arrived.

The Custom-house at Vera Cruz was seized by the French on the 9th, and when Maximilian's agent presented an order for fifty thousand dollars, it was not received.

The Confederate Jacob Thompson was at Vera Cruz.

Maximillian left Orizaba on the 12th for the Capital. Miramon fled to avoid arrest. Marquese had failed in his efforts to raise money for the Emperor. The war between the Emperor and Bazaine had become open and avowed.

The *Times* New Orleans special of yesterday says: "While the mission of Sherman and Campbell to Mexico has not achieved all that was expected, it has by no means proved a failure. They did not land at Vera Cruz for the reason that they did not want to hold any intercourse with the Imperial authorities, but proceeded to Tampico and Matamoras, where they met the representatives of the Juarez Government, and they all know what we mean to do. All the United States want to see is a strong united Government there.

A definite and joint plan of action will be determined on between the United States and the Republic of Mexico immediately after the withdrawal of the French, which takes place before the 31st of March.

"Juarez will then transfer his seat of Government to a point we are not at liberty to name at presen." That point, said Sherman, as a military man, I consider well chosen; their entire plans have been laid before me, and I consider them upon the whole judicious and prudent." Then, in the event of any fragment of imperial power, remaining the United States troops will be marched over the Rio Grande to support Juarez. Minister Campbell will return to Mexico, and resume official relations with the Republic. General Sherman said we are now in possession (?) of the Juarez Government.

Destructive Fires.

CINCINNATI, December 24.—A fire in Ripley, Ohio, on Saturday, destroyed the dry goods store of George R. Dixon. Loss, $35,000; insured for $20,000. The banking house of J. Reynold & Co. was also burned. Loss, $4,000; insured for $1,500. Several adjoining buildings were damaged.

PHILADELPHIA, Dec. 24.—Benglar's extensive lager beer brewery on Thompson street, was almost totally destroyed by fire last night. Loss, $100,000; partly insured. Five thousand bushels of malt, two thousand pounds of hops and about two thousand barrels of beer were destroyed.

FOR SALE.

FOR SALE.—A Farm of about 58 acres in Union Township, Allegheny county, Pa., situate about four miles from the city on the Washington Pike. The improvements are a large two story Brick Dwelling House with 12 rooms, a two-story Spring House, a Carriage House, a large Lumber Room, a No. 1 Frame Bank Barn, with stabling sufficient for 50 head of cattle. There is a fine Young Orchard, comprising about 12 acres, stocked with the best varieties of fruit trees. It is all underlaid with coal. The land is in a high state of cultivation, well watered, fences good, and would suit admirably for dairy or gardening purposes.

Also, 17½ acres adjoining the above, with a good Frame House, Carriage House, good Spring House and other out-buildings; with a good Orchard in fine bearing condition. This piece is also all underlaid with coal.

Also, 12 acres adjoining the above, unimproved, for sale low. This piece is also all underlaid with coal.

The above three pieces of property lie between the Little Saw Mill Run and Steubenville Railroads, and the coal can be reached easily from either road. The coal alone is worth all that is asked for the entire property.

FOR SALE—400 Acres of Coal Land, lying immediately upon the Ohio River, 20 miles below Gallipolis, and 185 miles above Cincinnati. On the above tract is a four foot vein of Coal, which, for general purposes, is not surpassed. It is entirely different from the Southern Ohio Coal; contains but little sulphur, forges and cokes well, and for making steam cannot be excelled. The location being about midway from Pomeroy and Hanging Rock, must make it valuable for coaling boats. There is a water front of ¾ of a mile, with a good landing at all stages of the river. An entrance has been run in the hill about 300 feet, track finished to river, together with the necessary fixtures for mining and delivering coal afloat. On said tract is first-class double Portable Circular Saw Mill together with a Portable Grist Mill, all in good running order, and plenty of the very best oak, ash and poplar timber. Would sell one-half interest if desired, to a party with experience and capital for working same.

CITY AND SUBURBAN.

A Bold Confidence Operator.

CAIRO, Dec. 24.—A man named Smedley played a bold confidence game at Jackson, Tennessee, last week. He first entered the mail car of the Mississippi Central Railroad, and represented himself as a special agent of the Post office Department. He gave the route agent orders, assumed control, and on arriving at Jackson, entered the Postoffice and obtained a statement from the Postmaster as to how the mail was conveyed from Jackson to Nashville, Cairo and Memphis, which was reduced to writing and sent to Washington. Smedley then took possession, received and delivered letters, and completely subjugated the Postmaster. Extending his operations, he purchased the Madison Hotel of Mr. Garland, and borrowed money from him on checks, which proving bogus, he was arrested, but escaped from the officers. Several money letters that were handled by Smedley failed to reach their destination. Drawings of the Postoffice buildings and several other places were found in his carpet sack.

A Reliable Shoe House.

We direct the attention of our readers to the advertisement in another column of one of the oldest and most reliable shoe establishment in this city, James Robb's, 89 Market street. He has an immense stock of durable boots, shoes and gaiters, which have been manufactured by the best of workmen, and which are calculated to give good satisfaction to the wearer. Mr. Robb is too well known in this community to need any commendation from us, as the high character which his house enjoyed years and years ago has not been impaired by time. He sells nothing but such goods as he can conscientiously warrant, and we advise our readers to favor him with a call.

"Itinerant Life."

We have received from Rev. Alexander Clark, pastor of the Fifth street, M. P. Church, a handsome volume entitled "Recollections of Itinerant Life. Including Early Reminiscences, by the Rev. George Brown, D. D., of the Methodist Protestant Church." The book is what its title indicates, a record of the experiences, thought and relations of an itinerant preacher, and is written in an earnest simple style, that is very interesting. There is much of strong local interest, contained in the volume. It can be obtained at the office of Rev Dr. Clark, No 96 Fifth street.

Amusements.

OPERA HOUSE.—This afternoon, at the matinee, the gorgeous spectacle of "The Three Guardsmen" will be prevented. In the evening, Mrs. Bowers, who made a decided hit last night, appears as Julia in the Hunchback. This lady is one of the most finished actresses that ever appeared in Pittsburgh.

THEATRE.—Mazeppa is the card at this establishment, with Miss Kate Fisher as the hero of the "fiery, untamed steed." There will be a matinee this afternoon, and the usual evening performance.

Affiliation.—On Friday last Mrs. Ann Madison, of Woods' Run, appeared before Alderman Donaldson and made information, charging John Quinn with fornication and bastardy. The alleged wrong is said to have been committed in July last, but Quinn made good his escape, taking Johnstown and Oil City, we believe, in the course of his travels. He was absent until last week, when he ventured to return. Mrs. Madison ascertained the fact and made the information as stated. Quinn was arrested and had a hearing yesterday. The hearing resulted in his being held to bail for Court. Mrs. Madison is a widow whose husband was killed in the war.

Suit Withdrawn.—We stated one day last week that Melchor Varner, a licensed auctioneer, of Snowden township, had made information before Alderman Strain, charging Wm. M. Woods, of the same locality, with practicing as an auctioneer without having obtained a license. A hearing was appointed in the case for yesterday. Yesterday morning accordingly, the parties met at Alderman Strain's office, but before the hearing was had a satisfactory understanding was arrived at between the parties and the suit was withdrawn.

Got Bail.—We noticed last week that Justice Wm. H. Barker, of South Pittsburgh, had committed for trial Henry Jacob Berg and Henry Berg, his son, each charged with assault and battery and aggravated assault and battery. The bail required in each case was five hundred dollars for the simple assault and battery, and one thousand dollars for the aggravated assault and battery. The parties were unable to obtain the amount required and so were committed. They obtained the bail yesterday, however, and are now at large.

"The Dental and Surgical Monthly" is the title of a neat, well printed, and ably edited monthly journal just issued by Dr. G. W. Spencer, the well known and popular surgeon dentist, 254 Penn street. Of course the *Monthly* is an advertising dodge, as the doctor has long been recognized as one who has a keen appreciation of printer's ink. It displayed its "gumption" and showed its teeth in the first issue, and as the editor's "drawer" will be made lively with "laughing gas," we can certainly refrain from growing jealous of the journal.

Festival.—To-day a festival will be held, and a capital dinner provided at the First Baptist Church, corner of Fourth and Ross streets. It will prove a most happy feature in the merry Christmas of those who have the good fortune to be present.

—The Senate resolution, calling upon the Secretary of the Treasury for a list of the national banks that had failed to keep up their reserve of lawful money, was aimed at those banks in New York city which were reported to be deficient in that respect, under the supposition that the Secretary was in possession of official information on the subject. The letter of the Comptroller of the Currency, which was sent to the Senate in response to this resolution, stated simply the facts in the case, that he was not officially advised of the reported delinquencies, and only knew of them through the press. The remedy for this was suggested as required by the resolution, but the omission to furnish the list of banks that were deficient in their reserve on the first of October last, nearly three months ago, was based upon the fact that that the resolution did not contemplate going back three months or six months, but was disigned to call out information upon a topic prominently discussed in the newspapers.

New York Financial Matters.

[By Telegraph.]

NEW YORK, December 24.—Money was quiet, at 6@7 per cent. Sterling dull, at 8¾@9½. Gold lower; opening at 133¼; advancing to 133½, and closing at 133¼. Governments are dull and declining.

WEEKLY BANK STATEMENT.

Loans, decrease, $196,816. Circulation, increase, $635,774. Specie, decrease, $759,283. Deposits, decrease $4,128,294. Legal Tenders, increase $822,655.

Stocks steady. Gold, 133⅜; Fort Wayne, 5⅛; C. & T., 21; N. W., preferred, 83¾; M. C., 82¼; C. & P., 86; Reading, 105; Erie, 68; N. Y. C., 9¾; O. & M. certificates, 29; New 5-20's, 7⅛.

LATEST.

The Money market was quite active to-day, owing to the fact that all contracts maturing to-morrow had to be provided for. Seven was the general rate for call loans, but at the close the market looked up.

Mr. W. Hawkins Ferris has been appointed cashier at the Treasury in the place of Mr. Russell, recently resigned, to take charge of the gold bank.

There were some few sales of gold this afternoon, at 133¼ after closing the room. The Foreign Exchange is quiet, but a little stronger. Prime bankers bills are quoted at 109½@109¾, and short sight, at 109⅞@110.

The government securities were dull and lower this afternoon on the gold bonds. The Treasury notes were steady. The following were the closing prices; Reg., '81 106½@107; Coupons 110¼@110½; 5-20 Coupons '65, 104⅞@105; July 10-40s registered, 99¾@100¼; Coupons, 99⅞@99¾. The stock market was active and excited in the lower hall this afternoon, and there was a general advance in prices. There is an increased disposition to purchase for a rise and the bull interest is getting the ascendancy once more. The market has been largely oversold and this assists the upward movement. The deliveries of the leading stocks were very irregular to-day and some of them are quite scarce; Northwestern preferred was the leading feature, and at one time touched 84¼. There is every apprehension of a corner in this stock. The following were the closing prices: O. C., 28½@53; N. Y. C., 109@109⅜; Erie, 68@68⅛; M. C., 107⅞@108, M. S., 82¾@82⅞; I. C., 117@118; Pittsburgh, 86@86⅛; Toledo, 111¾@122; R. I., 103@103⅛; N. W., 44⅛@44¼; N. W. preferred 83⅛@83⅜; Ft W., 105⅞@106; W. U. T., 44⅛@44⅜. Little doing in mining stocks; Consolidated Gregory sold at 15,75.

PITTSBURGH MARKTES.

OFFICE OF THE PITTSBURGH GAZETTE,
MONDAY, Dec. 24, 1866.

The general markets remain in the same inert condition as for weeks past. Business men are largely occupied in taking account of stocks and settling up their affairs preparatory to a fresh start after the holidays. The annual settlements now in progress involve a sharp demand for money, and the market is not in so comfortable a condition for borrowers as it has been, and the marked decline in gold has a tendency to unsettle prices.

GRAIN—There is no movement in Wheat, and in the absence of sales, we quote No. 1 Spring at $2,55 to $2,60. Barley is dull and No. 1 Spring is quoted at 90c to $1. Rye is selling at $1,25 to $1,28. Oats dull but unchanged—49 to 50, on track, and 53 to 55, in store. New Ear Corn may be quoted at 75 to 80, on track, and 85 to 90, in store.

FLOUR—Is quiet and unchanged. We continue to quote at $11 to $11,50 for low grade Spring; $12 to $12,25 for good to choice do; $13 to $14 for Winter Wheat, and $15 to $17 for fancy brands. Rye Flour is selling at $8¾ per bbl. Buckwheat at $4¾ to $4½ per cwt, in bbls, and $4¾ to $4¾, in sacks.

HAY—Continues to arrive pretty freely, and with an increased supply, the market is a shade easier; sale of 3 car loads baled at $27,50 per ton.

MILL FEED—In limited supply, though the demand is not very active. We can report small sales at $1,10 to $1,15 for Shorts, and $1,90 to $2 for Middlings.

APPLES — Demand fair and market steady, with regular sales in store at $3 to $3½ for fair to good, and $3½ to $3¾ for prime to choice.

POTATOES—Continue rather dull but ununchanged. Small sales at 90c, on track, and 95 to $1, in store.

BUTTER—Is steady though the receipts continue liberal, and the supply is fully equal to the demand. Prime Roll is selling at 30.

EGGS—In good supply, and dull but unchanged at 32 to 33 for fresh packed, and 2 to 3c less for limed.

DRIED FRUIT—Is quiet and unchanged—small sales at 10 to 11c for Apples, and 18 to 22 for Peaches—quarters and halves.

BEANS—There is considerable inquiry for new small white and the supply is very light—may be quoted at $2,75 to $3 per bush.

PITTSBURGH PETROLEUM MARKET.

OFFICE OF THE PITTSBURGH GAZETTE,
MONDAY, December 24, 1866.

CRUDE—There are no new characteristics to note in the Crude market, with the exception that as the river is again open and will soon be clear of ice, it is probable that the arrivals will be pretty large during the latter part of the week. The demand, both for present and future delivery continues light, the inquiry both for home use and shipment being limited, though prices have undergone no quotable change. We can report sales of 150 bbls, in two lots of 100 and 50, both at 9¼, bbls returned, and 2000 bbls, for April delivery, at 9c. We are cognizant of an offer to sell at 14, packages included, free on board cars without, at last accounts, having met with any response on the part of buyers. Bulk oil, on the spot, cannot fairly be quoted above 8 to 8½, the outside figure only for good gravity, and while there is but little offering, there is but little wanted.

REFINED—There was not a single sale of bonded oil reported to-day from it, which it can be inferred, that the market is devoid of life or animation, and what is worse still, there are no indications at present of any immediate improvement. We continue to quote, in the absence of sales, at 29 to 29½ for immediate delivery in Philadelphia; 30 for January; 31 for February, and an advance of one cent per gallon for each month throughout the entire year. On board cars here, the last sale was at 23¼, and we quote nominally at 23 to 23½, with but little inquiry at present, for either Pittsburgh or Philadelphia delivery. Free oil is quiet and unchanged, at 44 to 45, for good standard brands.

ARRIVALS—The arrivals since our last report include about 150 bbls, in small lots, from Smith's Ferry.

Breadstuffs.

The following shows the receipts of flour and grain at five western lake ports, including Chicago, Milwaukee, Toledo, Detroit and Cleveland, receipts at tide-water by Erie Canal, and receipts at New York from January 1st to December 8th, 1866:

	New York.	Tide-water.	Five L. Pts.
Flour	2,636,330	450,800	3,966,956
Wheat	5,400,430	6,852,700	27,122,826
Corn	21,457,925	24,433,100	38,242,104
Oats	8,106,135	10,240,300	13,013,715
Barley	5,382,835	6,801,800	2,022,299
Rye	1,244,375	1,521,800	2,215,004
Total	41,591,700	49,619,500	82,625,948

It appears from the foregoing that the receipts at New York of all kinds of grain are 8,027,800 bushels less than the receipts at tide-water, and the receipts at tide-water are 33,006,448 bushels less than the receipts at the five western lake ports before mentioned. The amount of grain making up this difference has been reshipped to other lake ports by lake and some by rail to points outside not destined for New York. Montreal comes in for several millions of this difference.

RIVER NEWS.

The river rose nearly six feet during the twenty-four hours ending last evening, and was still rising steadily with over nine feet in the channel. At last accounts, the Allegheny has risen about three feet at Oil City, and the ice had broke loose, and there were five feet in the channel at that point. The Monongahela, also, was putting out right sharply yesterday, and as both rivers are rising, there will doubtless be a good stage of water for coal boats to-day. The weather was blustery and somewhat colder yesterday afternoon and evening, and about three o'clock there was, for a short time, quite a snow storm.

The Bayard, from Parkersburg, and the Glendale, from St. Louis, constitute the arrivals. The Sherman, from St. Louis, and the Golden Era, from Cincinnati, are due here to-day.

The Argosy cleared for Cincinnati last evening with a good freight list and a fair number of passengers. Among other items of freight, she had quite a number of wagons for New Orleans, which she will reship at Cincinnati. There were no other departures.

A telegram from New Orleans announces the destruction by fire of the steamer W. H. Osborne, at that place yesterday forenoon. The Osborne was built and commanded by Capt. Thomas Rogers, and for some time past has been plying between St. Louis and New Orleans. She cost, we believe, about $60,000; is about three years old, and was insured here for $40,000. Among others, the Pittsburgh has $5000; Peoples, $5000; Citizens, $6000; Allegheny $5000, and it is said the Western has $10,000, but of this we are not certain. The Monongahela and Boatman's also had risks on her, but to what amount, we are unable to learn.

The Arabian, Capt. M. A. Cox, will positively leave for St. Louis to-day, and passengers and shippers should bear this fact in mind. The Kate Putnam is next in turn for St. Louis after the Arabian.

The Leonidas, Capt. A. R. McGowan, we are requsted to state, will positively leave for New Orleans this week. The Kate Robinson, Capt. Robt. Robinson, is also filling up steadily for the same point, and will doubtless be ready to leave this week.

The Leonora, Capt. Davis, is announced for Cincinnati and Louisville forthwith.

The Glendale had a very good freight list, including 200 tons metal for Shoenberger & Blair; 132 bbls clay for Thomas Coffin; 75 bbls flour for Culp & Shepard; 3 bales hemp for Evans, Dallas & Gilmore; 22 bales cotton for Holmes, Bell & Co; 1 box clothing for Stein & Bro; 2 bbls flour, Capt. J. W. Anawalt.

We clip the following items of interest to our coal men from the Louisville *Courier*, of Saturday:

The great towboat Ajax, with fourteen boats of coal in tow, about 280,000 bushels, all for R. & J. Watson, and the Panther, with eight boats, containing 153,000 bushels of coal for J. Lynn & Co., have started to New Orleans..... ....The towboat A. J. Baker is getting ready to start to New Orleans, with seven boats of coal, all for J. S. McDonald......The famous towboat Dick Fulton has been laid up for a brief space, and Capt. Packer has gone to Pittsburgh to spend his Christmas.... ....The coal shipped south yesterday, and the tow of the Baker, which probably starts today, makes an aggregate of 580,000 bushels, leaving but very little at the foot of the falls.. ....The coal in the towboats of the Dart's tow that have been lodged on the head of the falls or rather on the reef just below the canal, for several days, was sold to Captain Dugan for $1,500.

Says the St. Louis *Democrat*, of Saturday: We learn that Capt. Brown, of Pittsburgh, will have offered for sale to-day—on 'Change, we presume—twenty-five thousand dollars' worth of Mississippi Valley Transportation Company stock. The alleged reason for this step is that Mr. Brown's feelings are now averse to the company, by reason of their ceasing to buy his coal at Cairo. Mr. Brown is a wealthy citizen of Pittsburgh—immensely wealthy—and has his eyes always open to his own interest. He sold the company one or more towboats, taking stock in part payment, and we presume that is the stock which we are informed will be sold to-day.

The Camelia, from Nashville, Armenia, from New Orleans, and Spray, from Louisville, en route for Pittsburgh, arrived at Cincinnati on Saturday, and the Ida Rees was advertised to leave there for Pittsburgh on Monday. We clip the following from the Cincinnati *Commercial* of Sunday:

The P. W. Strader arrived from Louisville last evening, having ascended the Falls on the Indiana side, where there was six and a half feet of water. She made it handsomely—an extraordinary feat for a side wheel steamer through this chute, on the present stage of water......The Glasgow, for Pittsburgh, departed with an excellent trip, a portion of her cargo consisting of 200 tons of pig iron, 80 bales cotton, 100 barrels pork, 100 tcs lard, and 100 barrels whisky — The P. W. Strader towed here the Emperor, recently sunk at Louisville. The Emperor goes on the Marine Ways for thorough repairs on Monday......Captain J. H. Marratta, of the Emma No. 3, leaves for Pittsburgh in to-night's train......The New Portsmouth packet Bostona, Capt. Pres. Lodwick, will commence her regular trips on Saturday next. Notwithstanding the muddy condition of the levee, a large quantity of freight was hauled down, and all the boats left with excellent trips.

We clip the following in reference to the new low pressure steamer Richmond, now being constructed at Madison, from the Cincinnati *Enquirer*:

The Messrs. S. & R. E. Neal, in the construction of their new boat for the Louisville and New Orleans trade, the low-pressure Richmond, determined to obviate the difficulties of restricted navigation, as well as sustaining the great weight of the machinery, by increasing the proportions of the boat or hull. Her great length, 340 feet, with 50 feet beam, presents a surface of resistance upon the water sufficient to buoy up the ponderous machinery while, at the same time, she is very heavily timbered and ironed, and her draught of water, they feel well assured, will not exceed four feet. Her great length and beam are sure to impart sufficient buoyancy to keep her upon the surface, and thus enable her to run at all seasons, including a very low stage of water. The great length of the boat being the largest on the river, has given the builders every facility to make her sharp and easy, and all who have seen her declare there is no row-boat, skiff, scull-boat, yacht or clipper afloat that has a sharper model to the water line, or a more perfect model than the Richmond.
